Note: It is expected that for any actual family combination, the above stated floater premium based on the applicable floater combination are lower than sum of individual rates. However, for cases where floater premium is greater than sum of individual premium, then for such cases, floater premium shall be calculated as ‘Sum of Individual Premium for actual family combination \* (1-10%)’. For all other cases, the above stated floater premium shall apply.

## 2. Optional Covers
